

Laboratory Testing Equipments for GIZ ESRA Project, Afghanistan

List of Equipments

| S.No | Equipment Name | Test Product | Qty | Unit price | Total Price |
|------|--|---|-----|------------|-------------|
| 1 | Breakdown Voltage Tester Range - 100 KV Model: Latest edition | Transformer Oil | 1 | | |
| 2 | Electrical Test Equipment For Plug, Socket And Switch | Plug, Socket and Switch | 1 | | |
| 3 | Digital Milli/Micro Ohmeter | Electrical Cables | 1 | | |
| 4 | Million Mega ohmmeter | Electrical Cables | 1 | | |
| 5 | High Voltage tester Range 1KV-36KV AC | Electrical Cables | 1 | | |
| 6 | Electrical Cable Tensile Testing Machine 1. For metal, rubber, plastic, spring textile cable. 2. Tension, compression, bending shearing | Electrical Cables | 1 | | |
| 7 | Spectroradiometer Box, Lumen Tester, LED Lamp Tester | Single and Double – (CFL) Capped fluorescent lamps | 1 | | |
| 8 | Automated Fuse Test Equipment range, 1A, 2A, 4A, 6A, 10A, 16A, 20A | Low voltage fuse | 1 | | |
| 9 | Alternating current switch - fuse combinations | Alternating current switch - fuse combinations | 1 | | |
| 10 | Energy Meter Test Bench Three/Single phase | Energy meters Three & single phase | 1 | | |

For Detailed Specification : Refer Attachement

Note: Supplier must provide the catalogue/brochure with picture and complete technical specification for each product
